

NORTHWEST CENTRAL FASD NETWORK

1st Quarter January, February, March 2023

Welcome to the first edition of the NWC FASD Network newsletter for 2023. NWC FASD Network has been in business since November 8th, 2010. We have managed to improve and grow our capacity to provide high quality FASD supports and services to not only the Network region, and several outlying communities (Paul Band First Nation, Driftpile First Nation, Atikameg and Redwater) but also to Edmonton adult and youth justice facilities and organizations. We originally offered community awareness, prevention programs, assessment and diagnostics to children/adults and supports for individuals. We now offer additional services such as capacity assessments, Gladue Reports, Restorative Justice, robust caregiver supports and our very own In Reach program.

Thank you 2023/24 Funders

Northwest Central FASD Network would like to dedicate this newsletter to the wonderful people we have on staff, the fabulous agencies we contract with and those who volunteer on our Board of Directors
